Visitor Management Solution

# Connecting people to the places they need to be.

Proxyclick's comprehensive enterprise visitor management solution helps facility and security leaders across 35 million+ visitor check-ins in more than 120 countries.

We help companies ensure end-to-end visitor security and improve lobby efficiency, all while maintaining the highest global privacy standards.

Visitor security - your way.

- **Health and safety features:** Reduce the risk of spreading COVID-19 with touchless check-ins, screening questionnaires & contact tracing.

- **Smart rules:** Customize exactly how visitors enter your locations with our highly configurable workflows.

- **Watchlists & ID Match:** Maintain full control with internal and external watchlists using ID Match.

- **Your lobby, your brand:** Project your brand to your visitors with branded emails, kiosks, and badges.

Cut costs, save time.

- **Remote registration:** Save time by allowing your visitors to answer key questions ahead of their visit (and get a QR code for access).

- **Bulk actions/multi-locations:** Reduce operational errors and costs with bulk administration and multi-location management.

- **Self-service and recurring visits:** Increase visitor satisfaction and save time with self-service check-in capabilities.

- **Seamless integration:** Keep using the tools you already rely on to get your work done.

Protect your data and privacy.

- **Automatic data deletion:** Comply with local and international privacy regulations with highly customizable data retention/deletion rules.

- **Industry-leading security and privacy certifications:** Including GDPR, SOC 2 Type 2, ISO 27001.

- **Audit reporting:** Satisfy regulatory requirements with one-touch access to detailed audit reports of visitors flow across your locations.

- **NDAs:** Preloaded NDA agreements.
